

Children's Day In

Waitlist Policy

- Each applicant must pay the \$150 registration fee at the time of registration to enroll in a class or to get onto a waitlist using the online site.
- If notified of waitlist status, you have 48 hours to request to be taken off the waitlist and request a full refund be issued.
- After 48 hours it is assumed you want to remain on the waitlist.
- If at any time (after the 48 hours) you are offered a spot and you decline you forfeit the full registration fee.
- If you are not offered a spot prior to the first day of the new school year starting a full refund can be requested in writing.
- If after the 48 hours (but before July 1st) you decide to remove yourself from the waitlist, a 50% refund may be requested in writing.
- After July 1st there will be no refunds unless you are not offered a spot and a request for the refund in writing was made.

IF your child is not yet 9 months old prior to the start of the school year (or you want to begin after the 1st day of school) you have 2 options:

Option 1: Pay the registration fee and make all tuition payments for the months of school prior to your child turning 9 months old &/or starting school. This will guarantee that your child has a spot when you are ready to begin school.

Option 2: Pay the registration fee only. This will put you on the waitlist but not guarantee that your child has a spot once you are ready to begin.
